

Storyboard Script

A. Summary

Course Title	<i>ADOPT (Adopting Dogs Online Prep Training)</i>
Instructional Strategy	<p>This course will be delivered through an eLearning Storyline module</p> <ul style="list-style-type: none"> • Relevant content • Gamified and chunked content, practice with feedback • Visually stimulating • Interactive content for engagement and to avoid cognitive overload • Knowledge Checks
Target Audience	Anyone planning to adopt a dog from <i>House of MK Dogs</i> shelter
Objectives	<ol style="list-style-type: none"> 1. Learners will be able to outline the steps to adopt a dog 2. Learners will be able to identify the necessary actions to prepare a home for a new dog 3. Learners will be able to determine if they are ready or not to proceed with adopting a new dog into their home
Media Used	Animated Graphics, Still frame images, Animations, and video
Assessment Type	Knowledge Checks and Learner Surveys
Course Duration	20 minutes
General Notes	<ul style="list-style-type: none"> • Colors: <ul style="list-style-type: none"> ○ Green: 7BC04C ○ Blue: 0063A6 ○ Yellow: F2CB05 ○ White: FFFFFFFF ○ Light Blue:

B. Text-based Storyboard

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
1.1 Title Slide	[Background] light Blue (see hex code in general notes)	Light background music	Paw prints will appear across the screen (as if a dog was leaving prints)	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
	<p>"House of MK Dogs" Logo in top right corner</p> <p>Paw prints across the screen</p> <p>Various dog gifs (from vyond) placed on the screen</p> <p>[Button] "Let's Begin"</p>		<p>walking across). They will disappear after a few seconds; this will loop as long as the learner stays on the title screen</p> <p>"Lets Begin" Button will take learner to the next slide</p> <p>Add Slide Transition</p>	
1.2 Welcome Video	<p>Video [from Vyond] will take up the full screen.</p> <p>[use graphics from Vyond to create different scenes and interactions with an owner and their dog]</p> <p>Subtitles from the video:</p> <p>Person: Hi there! Are you thinking about adopting a dog? Well, you've come to the right place! My name is Michael, and I'm here to introduce you to our training course to prepare you for adopting a furry friend.</p> <p>Person: Before you bring a new dog into your home, it's important to be prepared. Our training course is designed to help you understand the responsibilities of dog ownership and give you the tools you need to ensure a happy and healthy life for your new companion.</p>	Video audio will play, voiceover of script laid out	<p>Make sure video subtitles are activated as well as video controls</p> <p>"Next Button" will take learner to the next slide</p> <p>Add Slide Transition</p>	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
	<p>Person: In this course, you'll learn the basic necessities to prepare your home and the next steps to take in adopting your new dog. We'll also cover important topics you'll need to do more research into like what size or breed of dog is the best fit for you, the importance of having a vet ready on day 1 and more.</p> <p>Person: Our expert trainers will guide you through each lesson, providing practical advice and helpful tips to make your dog's transition into your home as smooth as possible.</p> <p>Person: We understand that adopting a dog is a big decision, but with our training course, you'll be equipped with the knowledge and confidence you need to provide a loving home for your new furry friend.</p> <p>Person: So, are you ready to take the first step towards adopting your new best friend? Sign up for our training course today and get ready to experience the joy of dog ownership!</p> <p>[Button]: "Next" (to appear at end of video)</p>			
1.3 Objectives	<p><i>Base Layer</i></p> <p>[background]: exterior of a home,</p>		Slide automatically transitions to [layer 1] after 2 seconds on the	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
	<p>with a dog outside</p> <p><i>Layer 1</i> [background]: darkened version of base layer home (use dialog setting)</p> <p>Dog from background shows up in new box window with a text speech box</p> <ul style="list-style-type: none"> - “Hey There! I hear you are interested in adopting a new pawtastic member of the family. As Michael said in the video, we have a lot to do to get ready! We do not want to be unprepared.” <p>[Button]: arrow symbol</p> <p><i>Layer 2</i> [background]: darkened version of base layer home (use dialog setting)</p> <p>Same box, dog, and speech box with new text</p> <ul style="list-style-type: none"> - “In this training, we will go over the required steps as well as the basics to prepare your home for your new member of the family. WE need to ensure you are ready for this new addition and that they will thrive and live a happy life with you.” <p>[Button]: arrow symbol</p>		<p>timeline</p> <p>On Layer 1: “Arrow symbol” will take learner from layer 1 to layer 2.</p> <p>On Layer 2: “Arrow symbol” will take learner from layer 2 to layer 3.</p> <p>On Layer 3: “Arrow symbol” will take learner from layer 3 to the next slide.</p> <p>Add Slide/layer transitions</p>	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
	<p><i>Layer 3</i> [background]: darkened version of base layer home (use dialog setting)</p> <p>Same box, dog, and speech box with new text</p> <ul style="list-style-type: none"> - “How about we play a game! I love to play, so will the newest member of your family. On the next screen you will see 2 pictures that look the same, but look closer...” <p>[Button]: arrow symbol</p>			
1.4 Instructions	<p><i>Base Layer</i> [background]: white</p> <p>[Title]: Can you spot the difference?</p> <p>“House of MK Dogs” Logo in top right corner that will change to a similar logo but will say “Click on the difference” (see interaction notes)</p> <p>2 identical pictures of the same house from slide 1.3 side by side.</p> <ul style="list-style-type: none"> - 1 has a difference (a dog in the front of the house) <p>[Button]: “Previous” in bottom left corner</p> <p>[Button]: “Next” in bottom right corner</p>		<p>On Base Layer: “Previous Button” will take the learner back to the previous slide.</p> <p>“Next Button” will take the learner to the next slide”</p> <p>The Logo in the top right corner will transition to an alternative logo that says “Click on the difference” (Acting as additional instructions for the learner) after 2 seconds on the timeline</p> <p>The Dog in the picture will have a hover state that shows the learner is supposed to click on this.</p> <p>When user clicks on the dog, it will</p>	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
	<p><i>Layer 1</i> [background]: darkened version of base layer (a light grayed version)</p> <p>Dog from background shows up in new box window with a text speech box</p> <ul style="list-style-type: none"> - “Great Job!” You found the difference, ME! Let’s go another round, but this time we will be looking for items we need to get for your home to be ready for your new dog.” <p>[Button]: arrow symbol</p> <p><i>Layer 2</i> [background]: darkened version of base layer (a light grayed version)</p> <p>Same box, dog, and speech box with new text</p> <ul style="list-style-type: none"> - If you ever need assistance, I will be here to help! Just click on my face to give me some pets and I will come running. Now close this window and click next to continue” <p>Show icon that learner will be clicking on for hints/help</p> <p>[Button]: x</p>		<p>take the user to layer 1</p> <p>On Layer 1: “Arrow symbol” will take learner from layer 1 to layer 2.</p> <p>On Layer 2: “x symbol” will take learner from layer 2 to the base slide.</p> <p>Add Slide/layer transitions</p> <p>.</p>	

Slide & Title	Visual	Audio	Development Notes (Interactions)	Client, SME Notes
1.5 Interactive Scenario 1	<p><i>Background:</i></p> <p><i>Base Layer</i> [background]: white</p> <p>[Title]: Can you spot the difference?</p> <p>[Button]: face of “guide” dog in top right</p> <p>2 identical pictures of the same room in the house side by side.</p> <ul style="list-style-type: none"> - 1 has 3 differences (items that are needed to prepare your home for a new dog) - Difference 1 - Difference 2 - Difference 3 <p>[Button]: “Previous” in bottom left corner</p> <p>[Button]: “Next” in bottom right corner</p> <p><i>Layer 1 for difference 1</i> [background]: darkened version of base layer (a light grayed version)</p> <p>Dog from background shows up in new box window with a text speech box</p> <ul style="list-style-type: none"> - “Great Job! You found <i>difference 1</i>. You will need this because <i>[insert reasoning/importance of this item]</i> “ 		<p>On Base Layer: “Previous Button” will take the learner back to the previous slide.</p> <p>“Next Button” will take the learner to layer 5”</p> <p>Face of the Guide Dog will take learner to the hint/help layer</p> <p>All 3 Differences (images/icons) in the picture will have a hover state that shows the learner is supposed to click on this.</p> <p>When user clicks on difference 1, it will take the user to layer 1</p> <p>When user clicks on difference 2, it will take the user to layer 2</p> <p>When user clicks on difference 3, it will take the user to layer 3</p> <p>On Layer 1: “x symbol” will take learner from layer 1 to the base slide.</p> <p>On Layer 2: “x symbol” will take learner from layer 2 to the base slide.</p> <p>On Layer 3: “x symbol” will take learner from layer 3 to the base slide.</p> <p>On Layer 4(hint layer): “x symbol” will take learner from layer 4 to the base slide.</p>
